

The 10 times table: answers

For the grown-up. Each answer below sits where its box sits on the question sheet.

Times 10

1. **20**
2. **30**
3. **40**
4. **50**
5. **60**
6. **70**
7. **80**
8. **90**
9. **100**
10. **110**
11. **120**

Divide by 10

12. **2**
13. **3**
14. **4**
15. **5**
16. **6**
17. **7**
18. **8**
19. **9**
20. **10**
21. **11**
22. **12**

A way to work each one out, as the game gives it
